**Re: United States v. Mehdi Nikparvar-Fard, et. al.**  
**Criminal No. 18-101**

Dear Counsel:

I have enclosed three encrypted DVDs in the above-captioned case. The password to open the DVDs is: [REDACTED]

These three DVD contain the AUC patient files that were sent to Dr. Stephen Thomas for his review. As you can see, the three DVDs are dated 8/11/2017, and they are captioned U.S. v. Highland Campbell because the investigation was opened under that name. It is the government's position that you have already been provided the AUC patient files reviewed by Dr. Thomas in the first two discovery productions. However, due to your concerns, I am sending you copies of the DVDs of AUC patient files that were provided to Dr. Thomas.

Please notify me if you have problems opening these DVDs. Please note that the DVDs are not Bates-stamped as of this writing.

Sincerely yours,

WILLIAM M. MCSWAIN  
United States Attorney
